Dear Twitpic Community - thank you for all the wonderful photos you have taken over the years. We have now placed Twitpic in an archived state. Alternative medicine are generally practices that lack biological plausibility and are untested or untestable. In a few cases they are proven ineffective. Complementary medicine (CM), complementary and alternative medicine (CAM), integrated medicine or integrative medicine (IM), and holistic medicine are among many rebrandings of the same phenomenon. While the aim is to achieve the healing ... Updated February 2008. Bladder cancer is the fifth most common and second most common genitourinary cancer diagnosis in British Columbia, affecting 30/100,000 men and 9/100,000 women. 1 It appears to be more common in Caucasians than people of African, Hispanic, Asian or First Nations origins. 2 Increasing age is also associated with increased incidence of bladder cancer. 2
