

Download Chiltons Manual 1994 Ford F150 Xlt

Hey Steve, so the Ball joints were just replaced ~1500 miles ago, I have no idea when the bearings were last repacked. I did crawl under the truck and take a few pictures for you tho. WHERE IS THE ENGINE COOLANT TEMPERATURE SENSOR ON A 2005 FORD FREESTAR 3.9 V6? WE HAVE THE PLENUM OFF AND IT IS NOT ON - Answered by a verified Ford Mechanic
