

Download Water Ridge Toilet Manual Piece

Hose Replacement Program. Due to the limited number of reports that the supply hoses included with the products mentioned below have leaked, we have chosen to proactively provide the replacement hose kit. The Maxwell® toilet is designed with high-quality components such as 3" flush valve, dual siphon jet and more. This Maxwell® two-piece toilet operates at a WaterSense certified 1.28 gpf (4.8 Lpf) and offers the ultimate in comfort with a 16-3/8" ADA compliant ErgoHeight design. If your bathroom seems to be dated, then consider the WaterRidge One-Piece Dual Flush Toilet as part of the remodel. Unlike older toilets, this toilet has some pretty cool features that you would never have thought would be included. Features. 16 3/8"+, ErgoHeight™ ADA Compact Elongated Bowl for added comfort and installation where round front toilets fit; Color-matched, metal tank lever with solid durable brass arm to complement any bathroom decor
